INTRODUCING NKWIZA TRADING

NKWIZA TRADING LTD provides professional Construction and General Supply services to the public and private sector and to state owned enterprises. NKWIZA TRADING LTD is committed to contributing towards the development of Zambia through infrastructure development and has the resources and expertise to meet current and future challenges in all the disciplines that it operates in.

CONSTRUCTION DONE RIGHT THE FIRST TIME

OUR COMPANY

Nkwiza has a long-standing reputation for delivering excellence in both service and workmanship. Maintaining these standards is important to us and integral to ensuring that the execution of your project, from design to completion, is straightforward and enjoyable. We're proud of our loyal and committed team and you can be sure that every tradesman involved in your project will be aligned with these same high values upheld by our company. Our talented team of tradesmen

have the expertise to take on architecturally challenging projects. We have a passion for design and a dedication to helping our clients realise their vision through the use of varied materials and innovative architecture. We respect that your project is personal and unique to you; so, while each project we undertake is different, our approach will always remain the same: to find innovative solutions and then simply get the job done right.

Our Objective

Our core objective is to contribute towards the development of the country through participation in infrastructure development, supplies and thereby contributing towards eradication of poverty and unemployment through innovation without compromising on quality.

VISION

We have a clear vision achievable through honesty, sincerity and commitment, to a decent and enviable existence of humanity, by providing latest technological expertise in the field of civil engineering and construction in general at a competitive cost.

APPROACH

We stands for an emphasis on diversity of skills and abilities delivered through a partnership approach with designers and owner, integrated into one youthful organization. Nkwiza is about delivering construction and management services at the highest caliber of quality.

QUALITY

Quality is king at **Nkwiza Trading Ltd** We aim to make sure that the expectations of the client, engineer and all stakeholders are fully complied with and that projects are delivered with a high standard of workmanship in a timely manner. We always use products and materials that meet or exceed the requirements of the contract documents and ensure our staff are adequately trained.

OUR SERVICES

Nkwiza is capable of taking on any project, large or small, in the Industrial, Commercial, Institutional and Residential sectors. In today's increasingly challenging construction market, we are adept at tailoring different approaches to meet each client's needs and deliver successful projects.

GENERAL CONSTRUCTION

Due to our general expertise and focused knowledge, we undertake and build houses, clinics, hospitals, warehouses and more. Our team is able to handle any job regardless of its size. We have put in place a number of interventions to ensure that your project is completed successfully.

MAINTENANCE WORKS

Refurbishment of residential, institutional and commercial buildings, remedial works and conversions, residential houses, plumbing/sanitary and carpentry repairs, and landscaping and gardening.

PAVING & LANDSCAPING

We supply and install paving bricks for driveways commercial parking areas and industrial yards, and landscaping for residential and commercial properties. We also design & build landscape, cladding, gardens and swimming pools.

CIVIL WORKS

Nkwiza prides itself on being able to carry out a significant portion of the requirements of civil and structural engineering in-house. This includes precast concrete, steel fabrication, piling and construction. We design and build steel framework, false-work systems and steelwork production required for bridge building and associated heavy civil engineering type works.

Nkwiza Trading have all the necessary plant, labour and experience required to build a variety of structures

ROAD WORKS

We have the ability to successfully complete roading and pavement projects of any size. We have in-depth contract administration, health and safety planning, environmental planning, construction planning and construction methodology that are aligned with industry best practice. We can also provide complex traffic management and are experienced in dealing with projects that have a high level of public accountability.

BUSH CLEARING

Our forestry trained crews are fully equipped with the necessary skills and machinery to clear land on any scale. From tree felling, stump grinding and mulching to tree removal, relocation and planting, our arborist crews can plus we have the vehicles for removing all green waste from the site that can't immediately be used.

MANAGEMENT

Nkwiza Trading Ltd is built on the experience and capability of certain key staff who have been involved in the management of projects locally. The principals have worked on a wide scope of projects with different clients and therefore acquired broad knowledge and experience of project development and construction from feasibility and conceptual design through to construction and hand over. Our aim is to provide a service specifically tailored to clients' requirements with a view to maximizing benefits and provide value for the investment.

We fully believe the adage "Your staff are your most important asset". We realise that the personal and professional development of our team is imperative in ensuring the successful delivery of projects, and thus the success of our business. We therefore invest in our staff through comprehensive training programmes, mentoring and coaching. The rewards of this philosophy are inevitably shared with customers through increased satisfaction and better-quality service.

HEALTH AND SAFETY

The health, safety and welfare of all staff, sub-contractors, clients and visitors is significantly important to Nkwiza Trading, and it is our intention to strive for excellence in the effective health and safety management of all construction sites under our control.

We also aim to effectively mitigate all hazards arising from our facilities, activities and site specific environments.

We also ensure we comply with all legal obligations, relevant standards and codes of practice with a commitment to developing a culture of safety within the civil construction industry.
